Sir:

Pursuant to the provisions of 37 CFR Sections 1.56, 1.97 and 1.98, Applicant submits herewith copies of the prior art documents cited on the attached Form PTO/SB/08A for consideration during prosecution of the subject application.

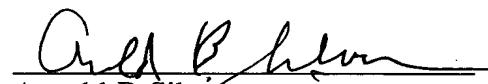

The cited art, preceded by an asterisk, is discussed at page 1, line 12 through page 2, line 28 and page 13, lines 11-18. It should be noted that Fox-Rummel U.S. Patent 6,101,857 is not citable in a prior art sense against the present application due to the identity of the inventors and the application having been filed within one year after issuance of the 6,101,857 patent.

This Statement is filed solely for the purpose of complying with the pertinent rules of the Office and is not intended to be a substitute for an independent

evaluation by the Examiner of the art cited or an independent search by the Examiner, and no representation of any nature is made or intended by the filing of this Statement.

In addition to the art cited on Form PTO/SB/08A, applicants and/or their attorneys may have been exposed to or considered additional art relating to the general class of the subject matter of the invention. However, if in fact such exposure or consideration has occurred to the best of their recall or judgment, none of such art is prior art which is more relevant than the art cited.

Respectfully submitted,

Arnold B. Silverman
